

## **FIRE WARDEN TRAINING (2 HOURS):**

This is a customized program to suit the needs of your building and personnel. Consideration is given to evacuation procedures, persons requiring assistance and the proper use of fire extinguishers.

Should you wish to proceed, our Instructor will contact you without obligation to discuss your needs with you and determine the format of the session.

**As the course is based on a Power Point presentation, a Power Point Projector along with a supporting computer will be required.**
